

Dafont.com—for Windows 7

Lots of free font styles.

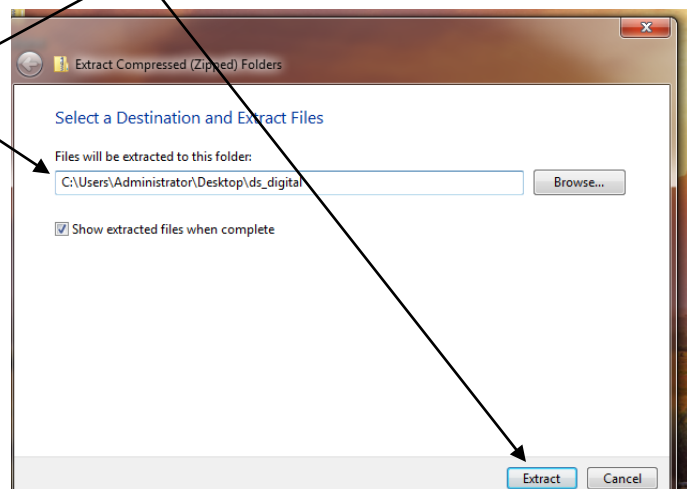

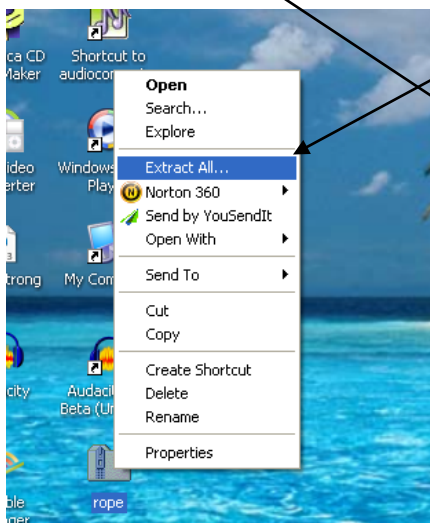

Ann Bolzenius
annbol@sbcglobal.net

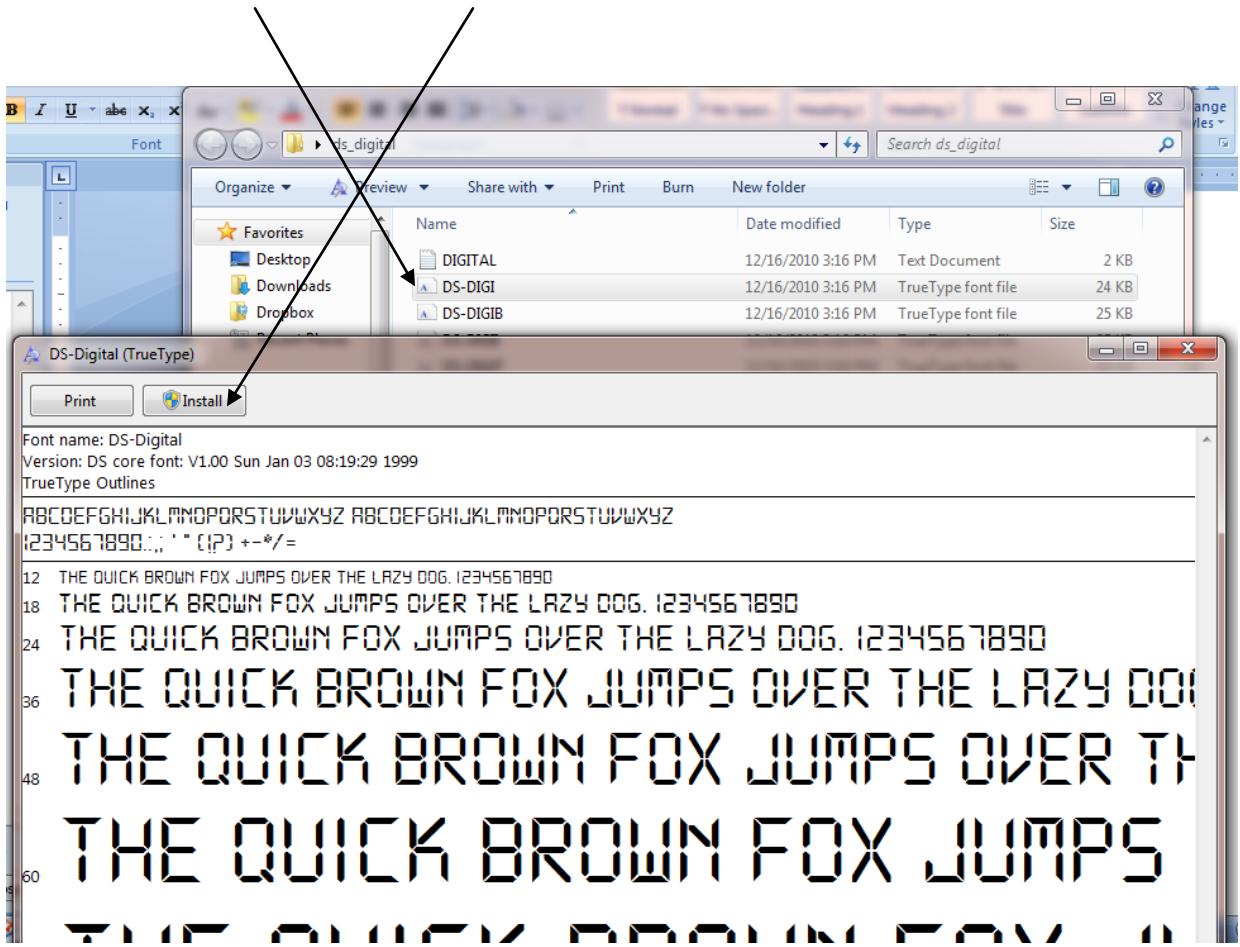

1. Open <http://www.dafont.com>
2. Search your style
3. Select Download and save to your DESKTOP

4. Go to your Desktop—right click on the folder and choose EXTRACT ALL
5. Save to your desktop (it should default) Select EXTRACT

6. Select all the fonts and Select INSTALL

7. New font should be listed in your fonts. If it does not appear, you may have to restart Word or select F5
